ProSites Caps Momentous Year with Spot on Deloitte’s 2012 Technology Fast 500™

Medical and dental website leader ranks 407th with remarkable 181% revenue growth.

Temecula, CA – November 15, 2012 – ProSites, the leader in medical and dental website design, has been recognized on Deloitte’s Technology Fast 500™, a ranking of the fastest growing technology, media, telecommunications, life sciences and clean technology companies in North America. ProSites ranked 407th on the list for its impressive 181 percent revenue growth and was the #1 fastest growing company in Southern California’s Inland Empire.

ProSites provides a comprehensive suite of online marketing services tailored to medical and dental professionals. Their services include website design, search engine optimization, local search marketing, social media strategies, online reputation management and mobile website solutions that engage current and prospective patients in order to help doctors increase demand for their services.

“ProSites is honored to be named one of our nation’s fastest growing technology companies,” said Lance McCollough, founder and CEO of ProSites. “Our growth is a testament to the success that our members achieve through our services. Even in this tough economy, we have helped thousands of doctors attract new patients and grow their practice, which is something we are very proud of.”

Renowned for their innovative WebEngine Technology™, the ProSites website solution combines visually compelling site designs with engaging patient-focused content and interactive features that convert online visitors into new patients. Unique among their competition, ProSites frequently develops new features, pages, and website enhancements and rolls them out as free upgrades to their members.

“The companies on the Fast 500 list are among those that have demonstrated remarkable innovation, creativity and business savvy,” said Bill Ribaudo partner, Deloitte & Touche LLP and national TMT leader for audit and enterprise risk services (AERS). “As a result, these companies have continued to successfully forge ahead in a challenging economic environment. We applaud the leadership and employees of ProSites for this impressive accomplishment.”

Other notable companies on this year’s list include Tesla Motors (#1), Facebook (#62), Yelp! (#68), Shutterfly (#452), Ancestry.com (#479) and Google (#500).

About ProSites
ProSites is the leading provider of website design and Internet marketing services for medical and dental professionals. ProSites creates premium customizable websites integrated with search engine optimization (SEO) techniques, patient-focused content, and a collection of interactive features to help doctors generate new patient appointments and streamline patient communications. About Deloitte’s 2012 Technology Fast 500™
Technology Fast 500, conducted by Deloitte & Touche LLP, provides a ranking of the fastest growing technology, media, telecommunications, life sciences and clean technology companies – both public and private - in North America. Technology Fast 500 award winners are selected based on percentage fiscal year revenue growth from 2007 to 2011.
In order to be eligible for Technology Fast 500 recognition, companies must own proprietary intellectual property or technology that is sold to customers in products that contribute to a majority of the company’s operating revenues. Companies must have base-year operating revenues of at least $50,000 USD or CD, and current-year operating revenues of at least $5 million USD or CD. Additionally, companies must be in business for a minimum of five years, and be headquartered within North America.
